## **C.U.F.F. Cancer**

(Cops United For Fighting Cancer)

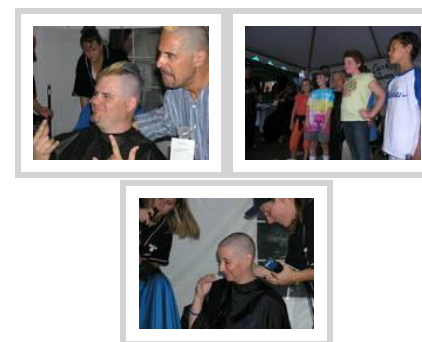

In June of 1984 Sgt. Gary Goulet of the Edmonton, Ontario Police Department met a five-year old boy named Lyle who had been stricken with cancer. As a result of his chemotherapy treatments, Lyle lost his hair. He was the subject of much ridicule and teasing from the other kids, so Sgt. Goulet decided to help.

Sgt. Goulet's head was already shaved, so he asked Lyle if he would like his picture taken with him next to his police car. The police department received many phone calls and letters of support. One of the writers wrote, "How about a challenge to other police departments as a fundraising effort?" "Cops for Cancer" was born.

Over the winter of 1998 Lt. Michael Macarilla met two police officers from Canada who were participating in the "Cops for Cancer" event. They spoke a great length, and after speaking with Lt. John Flannigan also of the Vermont State Police it was decided the idea would be a perfect fundraiser for Camp Ta-Kum-Ta.

In August of 1998 Vermont held the first "Cops for Cancer" in the United States and raised over \$6,000.00. We have held the event every year in Vermont since and have raised over \$165,000.00 for the camp.

In 2000 the name of the event was changed from "Cops for Cancer" to C.U.F.F. Cancer, **C**ops **U**nited **F**or **F**ighting Cancer.

*11th Annual*

## **Head Shaving Event**

Friday

August 15, 2008

6:30 PM

*At the Church Street Market  
Place  
Burlington, VT*

Individuals of the Vermont Public Safety Community (police, fire, EMS, State's Attorney, etc.) are encouraged to participate in this program. With your support we have been able to make some substantial contributions to Vermont's Camp Ta-Kum-Ta.

To participate, you need to find "sponsors" who will pay to have your head shaved. You must raise at least \$100.00 to participate in the Head Shaving Event. In the past participants have raised money to have long time beards and mustaches shaved. We have even had several female officers participate, two of whom have had their hair cut at the event and donated it to "Locks for Love" in Florida.

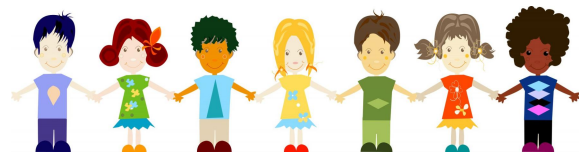

What is important is that we raise funds for these children who suffer from cancer and we can have fun doing it.

**For more information please contact:**

Lt. Michael Macarilla or Lt. John Flannigan  
of the Vermont State Police at:

[www.cuffcancer.org](http://www.cuffcancer.org)

Online registration and donations welcomed.

## Fundraising Prizes
